## SURVEYING

### WHO IS THIS QUALIFICATION FOR?

This qualification has been developed specifically for survey assistants working in the Land Surveying sector.

Candidates may be employed in a wide variety of settings, including Land Surveying firms and large infrastructure companies.

### WHERE CAN IT TAKE YOU?

The NZ Certificate in Surveying is the essential first step for those wanting to pursue a career in the Land Surveying sector.

It can be achieved as a stand alone qualification, or can be part of a training pathway leading to the New Zealand Diploma in Surveying Level 6.

### HOW IS THE QUALIFICATION ACHIEVED?

It will take around 12 months to complete this qualification.

The qualification is achieved through a combination of theory and practical work, with assessments taking place on-job.

### BENEFITS OF THIS QUALIFICATION

#### FOR YOU

- Formal recognition of your skills and knowledge
  - approved by industry
- Enhances your career prospects
- Earn while you learn
  - no expensive fees
  - no student loan
- Provides a springboard to further training and higher qualifications

#### FOR YOUR EMPLOYER

- Attract and retain high quality workers with a clear career path
- Personalise training to suit your company by selecting work-relevant units
- Increased productivity and accuracy
- Greater safety awareness
- Provides a broad base of skills enabling your employees to add value to your team
- Less supervision needed
