

CIVIL INFRASTRUCTURE

# RCC

## RECOGNITION OF CURRENT COMPETENCE

An option which allows you to gain a New Zealand qualification by recognising the skills and knowledge you have already gained through your previous work/study.

# CONEXIS

qualify for success

---

## HOW DOES THE RCC PROCESS WORK?

---

- You will work with a Connexis Customer Service Account Manager (CSAM) to develop a portfolio of evidence
- This will be given to an Assessor, who will also have a professional discussion with you and assess your skills against the qualification requirements
- The process will take 6-9 months to complete

---

## AM I ELIGIBLE?

---

- You must have at least 5 years' experience working within your industry
- You must be currently employed in the industry at the level of the qualification, and have been for the last two years
- You must be able to provide evidence of previous work experience (for example, work sheets, employer reference, photos, videos etc.)

---

## HOW DO I GET STARTED?

---

- Contact your local CSAM to check your eligibility for RCC assessment
- If you are eligible, a RCC assessor will be assigned to you
- Your CSAM is there to support and guide you through the process

---

## BENEFITS FOR EMPLOYERS:

---

### HAVING YOUR TEAM'S SKILLS FORMALLY RECOGNISED:

- Demonstrates your business has the skills required for the job
- Reduces rework by identifying the right person for the right job
- Increases tender attributes for contracting businesses
- Contributes to demonstrating workplace safety
- Reassures quality work
- Allows for a lower level of on-job supervision

---

## BENEFITS FOR EMPLOYEES:

---

- Increases promotional opportunities
- Ensures you don't have to retrain for skills you already have
- Demonstrates you have the skills to do a quality job
- Allows you to work with limited supervision

---

## CIVIL TRADES CERTIFICATION:

---

Holding one of the recognised Level 4 Civil Qualifications listed below will enable you to apply for Civil Trades Certification. This is a nationally recognised programme that acknowledges the skills and competence of people working at tradesperson level. Civil Trades Certification combines a recognised trade qualification with certified hours of experience, leading onto recognition as a Certified Tradesperson. Talk to your CSAM about the Civil Trades Certification process.

- **NZ Certificate in Civil Works**
- **NZ Certificate in Bituminous Surfacing Construction**
- **NZ Certificate in Bituminous Product Manufacturing**
