

CONNEXIS

Infrastructure Industry Training Organisation

RECOGNITION OF CURRENT COMPETENCE

**Jumpstart your qualification journey with
Recognition of Current Competence (RCC).**

Get recognised for your prior knowledge and
experience as an infrastructure tradesperson.

CIVIL + ENERGY + TELCO + WATER

RCCX

RCC RECOGNITION OF CURRENT COMPETENCE

HOW THE RCC PROCESS WORKS

RCC recognises your prior skills and knowledge, and significantly shortens the timeframe and work required to gain a nationally recognised trade qualification.

THROUGH THE PROCESS YOU WILL:

- Work with a Connexis Customer Service Account Manager (CSAM) to develop a portfolio of evidence
- Have an Assessor assess your portfolio and your skills against the qualification criteria

***THIS PROCESS TAKES AROUND
6-9 MONTHS TO COMPLETE***

CHECK YOUR ELIGIBILITY

YOU MAY BE ELIGIBLE FOR RCC IF YOU:

- Have at least 3 - 5 years experience working within your industry
- Have been working at the level of the qualification for the past 2 years
- Can provide evidence of prior work experience (eg work sheets, employer references, photos, videos etc)

LETS TALK

Want to check your eligibility for the RCC process or find out more? Contact us and we will put you in touch with your local CSAM.
