# L4 INFRASTRUCTURE WORKS (PILING)

NEW ZEALAND CERTIFICATE

As you work through this programme you will master the skills to work effectively in a piling and deep foundation worksite.

## LEARN HOW TO

- Install piles to job specifications
- Implement work plans and drawings
- Apply health and safety requirements
- Monitor site conditions and communicate with stakeholders on site
- Meet compliance requirements onsite

## ENTRY REQUIREMENTS

It is recommended that those enrolling achieve the New Zealand Certificate in Infrastructure Works (Level 3) with an optional strand in Plant Operation or demonstrate equivalent knowledge.

## HOW IT WORKS

It takes around 24 months to complete this programme. This qualification is achieved through a mixture of on-job assessment and off-job workbooks. If you already have significant experience, this qualification can also be achieved through Recognition of Current Competence (RCC) which will take 6-9 months.

## WHERE THIS CAN TAKE YOU

This qualification can lead towards Civil Trade Certification (CTC). You can also carry on to the New Zealand Certificate in Infrastructure Works (Single Site Supervision) (Level 4) or the New Zealand Certificate in Infrastructure Works (Projects) (Level 5).

## GET STARTED

Want to enrol or find out more? Contact us and we will put you in touch with your local Customer Service Account Manager (CSAM).
