

Plant Operations

Level 3

🔍 NZQA #4436 | ✅ 83 Credits | ⌚ 14 Months

Recognition to work as a Plant Operator in civil infrastructure.

connexis.org.nz

NEW ZEALAND CERTIFICATE IN INFRASTRUCTURE

Plant Operations

Skills Covered:

- Following work processes and procedures for plant operations to comply with environmental and quality outcomes.
- Operating plant to complete infrastructure work operations to job specifications.
- Applying health and safety procedures during plant operations on infrastructure worksites.

Entry Requirements:

The learner must be employed in the infrastructure industry and exposed to the relevant skills covered. The learner must have the appropriate class of driver licence and endorsement for any vehicle being driven.

Modes of Delivery:

This programme is assessed on-job and is completed through workbooks or eLearning.

Progression Pathways:

Graduates of this qualification will have proof of their skills that can be applied across a range of infrastructure worksite operations. This qualification can lead to a variety of apprenticeships in Bitumen Surfacing Construction, Civil, Forestry Earthworks, Pipeline Construction & Maintenance, or Piling.
