NEW ZEALAND APPRENTICESHIP IN INFRASTRUCTURE WORKS

Civil

with strands in Earthworks, Road Construction,
and Road Maintenance

Skills Covered:

- Working safely on an infrastructure worksite.
- Reading site plans and carrying out work to specifications.
- Operating machinery and organising materials needed for civil site works.
- Communicating well within a crew.

Modes of Delivery:

This qualification is achieved on-job and is completed through workbooks. It can also be achieved through Advanced Portfolio Assessment (APA). If the learner has a minimum of 4 years experience working in the industry, and can provide a portfolio of evidence from the past 24 months linking to the level of this programme's unit standards, then APA could be a great option to recognise existing skills.

Entry Requirements:

The learner must be employed in the infrastructure industry and be exposed to the relevant skills covered. It is recommended the learner hold the New Zealand Certificate in Infrastructure Works (Level 3) before being signed up to this qualification.

Progression Pathways:

This qualification can lead towards Civil Trade Certification (CTC). Graduates can also carry on to achieve the NZ Certificate in Infrastructure Works (Single Site Supervision) (Level 4), NZ Certificate in Infrastructure Works (Projects) or the NZ Certificate in Infrastructure Works (Contract Management) (Level 5).
