

PILING

 NZQA #3966  150 credits  24 months

***New Zealand Apprenticeship in Infrastructure
(Piling) (Level 4)***

**Join a growing industry
and skill-up today
with a programme in
infrastructure piling.**

As you work through this programme you will master the skills to work effectively on a piling and deep foundation worksite. Gain the skills to install piles safely, work unsupervised and coordinate site operations for the construction of piles on infrastructure worksites. This programme is suitable for you if you are working in an infrastructure worksite on piling operations. Build on your current skills and knowledge and take your career to the next level.

L4 PILING

NEW ZEALAND APPRENTICESHIP

LEARN HOW TO

- Install piles to job specifications
- Implement work plans and drawings
- Apply health and safety requirements
- Monitor site conditions and communicate with stakeholders on site
- Meet compliance requirements onsite

ENTRY REQUIREMENTS

It is recommended you achieve the New Zealand Certificate in Infrastructure Works (Level 3) or demonstrate equivalent knowledge.

HOW IT WORKS

This programme will take 24 months to complete and is achieved on-job through a mixture of theory and practical assessments. Recognition of Current Competence (RCC) is also available for this programme. If you have 3 to 5 years of experience working in the industry, and can provide a portfolio of evidence, then RCC could be a great option for you to get qualified.

WHERE THIS CAN TAKE YOU

This qualification can lead to the New Zealand Certificate in Infrastructure Works (Single Site Supervision) (Level 4) or the New Zealand Certificate in Infrastructure Works (Projects) (Level 5).

GET STARTED

Want to enrol or find out more? Contact us and we will put you in touch with your local Customer Service Account Manager (CSAM).
