

TRACTION LINE

NZQA #3988

130 credits

21 months

***New Zealand Apprenticeship in Electricity Supply
(Traction Line) (Level 4)***

Gain traction in your career by skilling up in a vital role to New Zealand's electricity supply industry.

Gain the skills and knowledge to service, install and maintain traction lines. You'll get to be involved in locating and repairing faults, stringing cables between poles and pylons and installing and replacing power poles. Learn how traction line network systems work, how to apply industry safety regulations to your work and how to apply technical and practical skills to use and care for traction line equipment. You'll be able to take pride in your work and benefit your community by ensuring rail networks run smoothly and on time.

L4 TRACTION LINE

NEW ZEALAND APPRENTICESHIP

LEARN HOW TO

- Integrate health and safety procedures into workplace practice when carrying out work on traction line networks.
- Apply knowledge of codes of practice, industry standards and operating procedures, and comply with asset-owner requirements when installing, maintaining or repairing traction line networks.

ENTRY REQUIREMENTS

To be enrolled in this programme, you must be employed in the electricity supply industry. It is also recommended that you achieve the New Zealand Certificate in Electricity Supply (Introductory) (Level 2) or provide equivalent knowledge and experience.

HOW IT WORKS

This programme will take around 21 months to complete. Achievement of this programme is through on-job assessment, or through Recognition of Current Competence (RCC). If you have 3 to 5 years of experience working in the industry, and can provide a portfolio of evidence, then RCC could be an option for you as it recognises your prior skills; allowing you to get qualified within a shorter timeframe.

WHERE THIS CAN TAKE YOU

You'll be qualified as a traction line mechanic, and will be able to operate under limited supervision. This programme leads towards eligibility for registration by the Electrical Workers Registration Board (EWRB).

GET STARTED

Want to enrol or find out more? Contact us and we will put you in touch with your local Customer Service Account Manager (CSAM).
