

# PIPE INSTALLATION

NZQA #4441

120 credits

19 months

***New Zealand Apprenticeship in Infrastructure Works  
(Pipe Installation)(Level 4)***

**ELIGIBLE FOR FREE TRADES TRAINING**

**This qualification will recognise your skills in keeping New Zealand connected through the installation of new pipe systems.**

Bring new pipe systems to life and contribute to your community by supplying essential utilities to new areas in New Zealand. Completing this programme will ensure you get recognised to work in pipe installation roles in the infrastructure works industry. You will also gain skills specific to trenched methodology. This is a growing industry where skilled workers will always be needed.

# L4 PIPE INSTALLATION

NEW ZEALAND APPRENTICESHIP

## LEARN HOW TO

- Meet health, safety, environment, and quality assurance requirements when installing pipes.
- Apply knowledge of pipes, fittings, and structures to complete pipe installations to job specifications.
- Install pipes underground using appropriate trenched installations methodology and technology.

## ENTRY REQUIREMENTS

It is recommended you hold the New Zealand Certificate in Infrastructure Works (Level 3) or demonstrate equivalent skills and knowledge. You must be employed in the industry and be exposed to the relevant experience to gain this qualification.

## HOW IT WORKS

It takes around 19 months to complete this programme. Achievement is through on-job assessment, or through Recognition of Current Competence (RCC). If you have 3 to 5 years of experience working in the industry, and can provide a portfolio of evidence, then RCC could be an option for you as it recognises your prior skills; allowing you to get qualified within a shorter timeframe. Your local Connexis Customer Service Account Manager (CSAM), and your employer, work together to support and guide you from sign up to completion.

## WHERE THIS CAN TAKE YOU

This programme can lead to the New Zealand Certificate in Infrastructure Works (Single Site Supervision) (Level 4), or the New Zealand Certificate in Infrastructure Works Projects (Level 5).

## GET STARTED

Want to enrol or find out more? Contact us and we will put you in touch with your local Customer Service Account Manager (CSAM).
