

## Switched On – Electricity Supply

### Gateway Programme (Micro-credential) (Level 3)

This programme is intended to build on the Power Up –Electricity Supply Micro-credential Level 2 and provide students in Year 11 – 13 a greater understanding of infrastructure’s Electricity Supply Industry (ESI).

When students have achieved all of the unit standards they will be able to:

- Demonstrate knowledge of transmission, distribution and reticulation of electricity
- Demonstrate knowledge of common components of electricity supply networks
- Work safely on an electricity supply worksite.

The programme is a mix of theory and practical units and can be completed through paper based workbooks or eLearning.

On completion of this programme students may be interested in pursuing a NZ Certificate qualification in a specific area of ESI, such as Cable Jointing, Line Mechanic or Power Technician.
