**What does your event look like**

We will start off the day with a welcome and conversation around the construction and infrastructure industry. Then we are heading into site for 4 different hands-on activities, demonstrations, and tours of the brand new under construction Parakiore facility.

Expect to see a day in the life of a building construction site! We are going to head back for some lunch and then talk about how to start your career and hear from some women on site about why they love their careers before heading home for the day.

Time	Activity	Responsible Co-Host   Connexis
