What does your event look like

A super interactive, fun event where girls can try out all sorts of different things, including:

- Operating a digger
- Installing a water meter
- Confined spaces and heights training in a real-life pipe simulation
- Traffic management

We will have presentations from inspiring women of various ages, experience, and backgrounds. Girls will rotate around stations in groups and then we will have a chat about work experience and apprenticeships while we eat some pizza.

Time	Activity	Responsible
		Co-Host Connexis
