

Breaking Ground – Civil Gateway Programme

Infrastructure Worksites (Level 3, 22 Credits)

This programme builds on the *Dig It - Introduction to Infrastructure Works Programme (Level 2, 23 Credits)* and provides students in Year 11, 12 or 13 with a greater understanding of the civil infrastructure industry.

At the completion of this programme, students will:

- Be able to locate features from plans and apply safe practices to work.
- Be able to describe commonly used materials.
- Have an understanding of erosion and sediment control on infrastructure worksites.

This programme is a combination of theory and practical units and can be completed through workbooks or eLearning. This programme is also available through the free eLearning app 'Totara'. Totara allows quick and secure access to eLearning programmes, courses and assessment activities whenever and wherever it suits.

Completing this programme can count towards further study in the *New Zealand Certificate in Infrastructure Works (Level 3)*.

Breaking Ground – Civil Gateway Programme includes:

- Gateway information.
- Learner assessment and notes or eLearning logins for online resources.
